Weapon	Range	Strength	RoF	Notes
75mm PaK 40 Anti Tank Gun	48	8+2d6	1:2	Cumbersome, Reload, Manhandle, Traverse (60)

OPTIONS:

The squad's training level can be increased to Veteran.

Any member of this squad may exchange their KAR98k for StG44.

NEW TRAITS:

MANHANDLE: Any member(s) of the crew can expend 2 AP to manhandle the gun up to 3 inches forward or turn the gun up to 90 degrees.

TRAVERSE (X): The gun has the ability to fire on target in it's front x arc without having to manhandle the gun into a new position.

DOUBLE: Requires the use of two choices to take this squad. You can use higher training level to get this for you force. (i.e. if you use a Veteran and a Regular choice to purchase this for you detachment then the unit would have a Regular training level)
